

THE CATBIRD SEAT
LANDSCAPE NURSERY AND GARDEN CENTER

Gold Thread False Cypress

(*Chamaecyparis pisifera* 'Gold Thread')

Mature Size: 2-5ft tall and 3-5ft wide

Exposure: Full sun; will tolerate late day shade

Plant Highlights: Year-round, bright yellow or golden string-like branches drape down and spread, forming a dense, mounding shrub. Can be pruned to maintain size. Too much shade will result in lime-green foliage.
